Physics vs. AP Physics 1 vs. AP Physics C

Name of Course	Science Recommendation	Math Recommendation	Detail about course
Physics	C or better in Bio/Chem	C or better in A1	• Conceptual rather than mathematical understanding
AP Physics 1	• B or better in Bio • B or better in Chem/Chem H	B or better in A2	• Equal to first semester of college-level physics • Use inquiry-based investigation • 85% of Physics H content
AP Physics C	B or better in Physics/Physics H	• B or better in PCH • Enrolled in or passed Calc	• "Typical freshman-level college physics course for science majors" • Need solid mathematical background
