Completing the online Back to School Update in Campus Parent Portal

A few tips to help you get started:

- The online Back to School Update can only be accessed through the [Campus Parent Portal](#).
- **Make sure pop-ups are enabled** on your browser. Access the “ENABLE POP-UPS” section on our [OLR Detailed Instructions](#) page for more information on how to do this.
- Some information in the Back to School Update is for review only. If you notice an error in a view-only (gray text) section, please send an email to your school’s Data Technician.
- You can save your work and continue later.

Step 1: Log in

Once you sign in to the [Campus Parent Portal](#), click on the **More** link at the bottom of the navigation list on the left of your screen and then click on the **Back to School Update**. Another window will open up to begin the online Back to School Update.

Step 2: Complete Back to School Update

Your student(s) enrolled for the 2022-23 school year will appear on your dashboard. For each student, you will review information and complete the Annual Notifications and District Policies agreements, as well as review and sign the release agreements, as part of this process.
